

Seabourn Pulls Back The Curtain To Unveil Show Lounge On Board Seabourn Encore: The Grand Salon

August 3, 2015

Seattle, August 3, 2015 - [Seabourn](#) has revealed the rendering of one of the most distinct onboard venues aboard its newest ultra-luxury vessel, [Seabourn Encore](#), debuting in December 2016: the Grand Salon. Custom tailored with striking elements by design icon Adam D. Tihany, who is designing all of the indoor and outdoor areas aboard *Seabourn Encore*, the main show lounge will present a sophisticated setting for onboard performances, from new shows by seasoned entertainers to local, cultural productions from ashore and engaging guest speakers from the line's popular enrichment series, [Seabourn Conversations](#), such as legendary American journalist Dan Rather and Forbes Media Chairman and Editor-in-Chief Steve Forbes.

Located on Deck Six and accessible via the main staircase, the Grand Salon will feature a layout and design that is both elegant and inviting. The lounge will showcase a dramatic, expansive theater with plush, pivoting chairs that are arrayed in cabaret style seating to ensure the audience is close to the performers. Sculpture panels and lineal lights compose the sweeping ceiling, while an enlarged bar pantry sits in the back to serve guests.

"Providing enriching and engaging entertainment is a hallmark Seabourn offering, and the Grand Salon is the best venue to feature our diverse selection of entertainment options aboard the world's most beautiful ultra-luxury ship," said John Delaney, Seabourn's senior vice president, marketing and sales.

Like *Seabourn Encore* itself, the Grand Salon's program schedule will be in constant motion, inviting guests to migrate throughout the day for events that suit their mood. During the days and occasionally after dinner, the lounge will be the setting for lectures from guest speakers, cooking demonstrations, comedy, classical recitals and more. Most evenings will feature dancing before dinner on the Grand Salon's main dance floor, and following dinner will include vocal production shows and cabaret performances and more.

Seabourn Encore will feature modern design elements and innovations consistent with the line's reputation for understated elegance. The 40,350-GRT ship will be configured with one additional deck and expanded public areas, and is expected to carry just 600 guests, based on double occupancy. In addition, every suite will feature a private veranda.

Seabourn has revealed renderings and updates about *Seabourn Encore* via a dedicated microsite: <http://encore.seabourn.com>. Filled with imagery, details and updates on the ship's progress, including "sunsets until launch," the microsite offers an inside look at the most exciting Seabourn launch in years. Additional details, news and images will be revealed on the site on an ongoing basis.
