

## **Bookings start for the most beautiful AIDA voyages in summer 2023 - benefit now from advantages for early bookers**

December 16, 2021

AIDA vacation plans for summer 2023 can now be made: On December 16, 2021, bookings start for the most beautiful AIDA cruises from April to October 2023 and a summer full of experiences in the most exciting places in Europe.

In Northern Europe, guests will experience the breathtaking scenery of Norway, Iceland and Spitsbergen. From the Adriatic to the western and eastern Mediterranean, they will visit fascinating cities and romantic bays - and enjoy the Mediterranean lifestyle!

One of the most favorite summer classics are the cruises in the western Mediterranean, which are offered with the newest member of the AIDA fleet, AIDAcosma. The program on the one-week highlight route "Mediterranean Treasures" from Palma includes Florence, Rome, Barcelona and Corsica. After AIDAnova, AIDAcosma is the cruise company's second ship to run on liquefied natural gas (LNG) - currently the shipping industry's most advanced fuel for reducing emissions.

If you allow for a little more time, you can discover the great variety of cities and islands in the western Mediterranean in 10 or 11 days with AIDAstella.

The popular 7- and 10-day Baltic and Scandinavian routes from Warnemünde are offered with AIDamar and AIDAdiva. Treasures such as Tallinn's Old Town, which is a UNESCO World Heritage Site, and the splendor of the tsarist era in St. Petersburg are just as fascinating as the magnificent landscape of the archipelago. AIDAnova offers 7-day Norway and Baltic Sea voyages from Kiel, which can also be combined into a 14-day round voyage. On many travel dates, the long overnight stays in Oslo, Stockholm or St. Petersburg offer plenty of time for relaxed exploration of the numerous sights.

With breathtaking wonders of nature, rugged coastlines, seemingly endless fjords and hospitable fishing villages, Norway has something to offer for everyone. What's more, the full splendor of Northern Europe can already be admired from the ship - for example, on AIDaperla's "Norway's Fjords" voyages, which depart from Hamburg. AIDAluna takes you from Kiel to the "Highlights of the Arctic Circle" in 17 days. Also, from Hamburg AIDAprima starts alternately to the metropolises of Western Europe and to Norway. Both routes can be combined into a 14-day voyage.

Highlights in the AIDA program include the 12-day voyages of AIDASol "England, Scotland & Norway," which depart from Hamburg to Newcastle, Aberdeen, the Orkney Islands, Bergen, Norway, and Stavanger, among other places. Sailings with AIDAbella take you around Great Britain and to Ireland, but also to the Lofoten Islands, the North Cape and Iceland.

In July and September, the AIDASol route combines destinations on the English Channel with the most beautiful places on the Bay of Biscay. The voyages depart from Hamburg and include London/Southampton, Brest and Bilbao.

Guests on AIDAblu experience the highlights of the Adriatic coast in 14 days combined with a visit to Santorini, Crete and the Greek capital Athens. The "Adriatic & Greece" voyages are offered from April to October. They start from Corfu and can also be booked as 7-day voyages.
