

AIDA Cruises takes delivery of new cruise ship AIDAcosma

December 21, 2021

First voyage departs February 26, 2022 // Inauguration ceremony in Hamburg on April 9, 2022

On December 21, 2021, AIDA Cruises took delivery of its newest cruise ship AIDAcosma in Bremerhaven from the Meyer shipyard in Papenburg, Germany. It is the company's second newbuilding powered by liquefied natural gas (LNG) - currently the maritime sector's most advanced technology for reducing emissions.

Felix Eichhorn, President of AIDA Cruises, said at the ceremony, "Today marks an important milestone on our journey to emission-neutral cruising. With AIDAcosma and her sister ship AIDAnova, two of the most innovative cruise ships in the world belong to our fleet in terms of sustainable cruising as well as the very special guest experience and product diversity."

A variety of vacation experiences await guests on board AIDAcosma. One of the highlights is the Ocean Deck. This wonderful new area extends over four decks and offers an all-round panoramic view of the sea. The extensive sunbathing area invites guests to sunbathe and chill out during the day and in the evening. The large infinity pool at the stern of the ship provides cooling.

Guests young and old have plenty to do on board – be it on the bouldering wall, on the racer, climbing the rope towers or on the balance course. The new Fun Park with its large indoor playground offers plenty of variety.

The gourmet variety too is being enriched: Summery, light delicacies are served at the Beach House Restaurant. The specialty restaurant Mamma Mia is also new and offers homemade pasta and fresh Italian cuisine with on-site service. The brewhouse gets an outdoor grill with a magnificent sea view.

In addition, AIDAcosma scores with features popular with AIDAnova, such as the Beach Club, the Theatrium with its 360° stage, the TV studio and the spacious Body & Soul Organic Spa. Culinary guests are spoiled in 17 restaurants and 23 bars and cafés.

From the end of February, Hamburg will be the first "home port" for AIDAcosma. There the first of altogether six metropolis voyages starts on February 26, 2022. The 7-day cruises can be booked now.

On April 9, 2022, the champion athlete Kristina Vogel will ceremoniously christen the new ship in Hamburg. Guests of the subsequently starting christening voyage to the Mediterranean can experience this special event on board. The two-week christening voyage, including the ceremonial christening, can also be booked from now on, taking passengers to either Mallorca (until April 23, 2022) or Barcelona (until April 22, 2022). Further highlights of the itinerary include Lisbon, Cadiz and Malaga. More details on the christening event will be announced shortly.

From April 23 to October 15, 2022, AIDAcosma will offer voyages from Palma and Barcelona. The one-week highlight itinerary "Mediterranean Treasures" will also include Florence, Rome and Corsica. In the fall, the ship sets course for its sunny winter home of Dubai.

The new AIDAcosma voyages can be booked now at travel agencies, at the AIDA Customer Center by calling 0381/202 707 07 or at www.aida.de.
