

Carnival Cruise Line Resumes Guest Operations from Charleston with Carnival Sunshine

January 13, 2022

CHARLESTON, Jan. 13, 2022 – Continuing its successful restart, Carnival Cruise Line resumed guest operations today from Charleston, S.C., with Carnival Sunshine.

To commemorate the special day, the Carnival Sunshine team greeted their first guests on board with a special welcome conveying their excitement in resuming operations from Charleston. The ship departed today on a four-day cruise to Nassau, Bahamas.

"We have been sailing from Charleston for 12 years, so we are excited to be back offering guests from all over the southeastern U.S. the opportunity to cruise from this beautiful, historic and charming community, all while providing support to the local economy," said Christine Duffy, president of Carnival Cruise Line.

Carnival Sunshine is sailing year-round from Charleston, offering a variety of cruises to The Bahamas and the Caribbean.

With 19 ships already in guest operations and its remaining three U.S.-based ships scheduled to resume in March, Carnival continues to implement a rigorous set of public health protocols focused on the health, safety and well-being of its guests, crew and the communities it visits. All Carnival voyages are vaccinated cruises, all guests must show proof of a negative COVID test taken within 48 hours of boarding, masks are worn by all guests and crew in virtually all venues of the ship, as well as other enhanced health and safety measures that can be found on its [Have Fun. Be Safe.](#) page on Carnival.com.
