

P&O Cruises Launches ‘Upgrade Me’ Program

April 27, 2023

Eligible guests can bid for room upgrades from 27 April

27 April 2023 — Is business class more your style? Australia's favourite cruise line, P&O Cruises, has just launched its very own Upgrade Me Program - unlocking exciting upgrades to coveted Oceanview Rooms, Balcony Rooms, Mini-Suites, Suites and Penthouse Rooms.

P&O cruise guests love a great deal and from today will be able to bid for a holiday upgrade of not just the room, but also any complimentary perks that may come with the new room, such as access to the exclusive Byron Beach Club for selected P&O suites.

Marguerite Fitzgerald, President of P&O Cruises Australia says that P&O is continually working hard to provide its guests with ways to personalise their cruise experience and make it a truly memorable holiday.

“There’s so much anticipation that comes with counting down the days to your holiday. The closer that day comes, we know that people start looking for those extras that will make their experience even more special, and this is a great value way of doing just that.

“The added benefits that come with certain room upgrades are guaranteed to make any trip unforgettable!” said Ms. Fitzgerald.

Guests with eligible P&O bookings will receive an invitation to submit bids on any room type above the one currently booked, up to three days before the departure date. Bids are priced per person and based on two people per room, with only the first two guests in the room being charged, even if more are sailing. Accumulated Future Cruise Credit may also be used as payment.
