On February 10, 2021, Carnival Corporation and Carnival plc (together, the “Company,” “we,” “us,” or “our”) issued a press release announcing that Carnival Corporation has priced the private offering of its \$3.5 billion aggregate principal amount of 5.75% Senior Unsecured Notes due 2027 (the “Senior Unsecured Notes”). A copy of the press release announcing the pricing of the offering is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

Carnival Corporation expects to use the net proceeds from the offering of Senior Unsecured Notes to make scheduled principal payments on debt during 2021 and for general corporate purposes, including, without limitation, the financing or refinancing of a portion of the purchase price, rental payments, costs and expenses related to certain of our current and future property, plant and equipment (including leased assets and vessels) and their repair, replacement and improvements, as well as any other payments related to our vessels’ ready-for-sea costs, in each case to the extent such amounts are not covered by our existing and future export credit facilities.

The Senior Unsecured Notes were offered only to persons reasonably believed to be qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”) and outside the United States, only to non-U.S. investors in reliance on Regulation S under the Securities Act. The Senior Unsecured Notes were not, and will not be, registered under the Securities Act or any state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state laws.

Cautionary Note Concerning Factors That May Affect Future Results

Carnival Corporation and Carnival plc and their respective subsidiaries are referred to collectively in this Current Report on Form 8-K, including the Exhibits hereto (collectively, this “document”), as “Carnival Corporation & plc,” the “Company,” “our,” “us” and “we.” Some of the statements, estimates or projections contained in this document are “forward-looking statements” that involve risks, uncertainties and assumptions with respect to us, including some statements concerning the financing transactions described herein, future results, operations, outlooks, plans, goals, reputation, cash flows, liquidity and other events which have not yet occurred. We have tried, whenever possible, to identify these statements by using words like “will,” “may,” “could,” “should,” “would,” “believe,” “depends,” “expect,” “goal,” “anticipate,” “forecast,” “project,” “future,” “intend,” “plan,” “estimate,” “target,” “indicate,” “outlook” and similar expressions of future intent or the negative of such terms.

Forward-looking statements include those statements that relate to our outlook and financial position including, but not limited to, statements regarding:

- Pricing
 - Booking levels
 - Occupancy
 - Interest, tax and fuel expenses
 - Currency exchange rates
 - Estimates of ship depreciable lives and residual values
 - Goodwill, ship and trademark fair values
 - Liquidity and credit ratings
 - Adjusted earnings per share
 - Impact of the COVID-19 coronavirus global pandemic on our financial condition and results of operations
-

Because forward-looking statements involve risks and uncertainties, there are many factors that could cause our actual results, performance or achievements to differ materially from those expressed or implied by our forward-looking statements. This note contains important cautionary statements of the known factors that we consider could materially affect the accuracy of our forward-looking statements and adversely affect our business, results of operations and financial position. Additionally, many of these risks and uncertainties are currently amplified by and will continue to be amplified by, or in the future may be amplified by, the COVID-19 outbreak. It is not possible to predict or identify all such risks. There may be additional risks that we consider immaterial or which are unknown.

These factors include, but are not limited to, the following:

- COVID-19 has had, and is expected to continue to have, a significant impact on our financial condition and operations, which impacts our ability to obtain acceptable financing to fund resulting reductions in cash from operations. The current, and uncertain future, impact of the COVID-19 outbreak, including its effect on the ability or desire of people to travel (including on cruises), is expected to continue to impact our results, operations, outlooks, plans, goals, reputation, litigation, cash flows, liquidity, and stock price;
- As a result of the COVID-19 outbreak, we may be out of compliance with one or more maintenance covenants in certain of our debt facilities, for which we currently have amendments for the period through November 30, 2021 with the next testing date of February 28, 2022;
- World events impacting the ability or desire of people to travel have and may continue to lead to a decline in demand for cruises;
- Incidents concerning our ships, guests or the cruise vacation industry as well as adverse weather conditions and other natural disasters have in the past and may, in the future, impact the satisfaction of our guests and crew and lead to reputational damage;
- Changes in and non-compliance with laws and regulations under which we operate, such as those relating to health, environment, safety and security, data privacy and protection, anti-corruption, economic sanctions, trade protection and tax have in the past and may, in the future, lead to litigation, enforcement actions, fines, penalties, and reputational damage;
- Breaches in data security and lapses in data privacy as well as disruptions and other damages to our principal offices, information technology operations and system networks, including the recent ransomware incidents, and failure to keep pace with developments in technology may adversely impact our business operations, the satisfaction of our guests and crew and may lead to reputational damage;
- Ability to recruit, develop and retain qualified shipboard personnel who live away from home for extended periods of time may adversely impact our business operations, guest services and satisfaction;
- Increases in fuel prices, changes in the types of fuel consumed and availability of fuel supply may adversely impact our scheduled itineraries and costs;
- Fluctuations in foreign currency exchange rates may adversely impact our financial results;
- Overcapacity and competition in the cruise and land-based vacation industry may lead to a decline in our cruise sales, pricing and destination options; and
- Inability to implement our shipbuilding programs and ship repairs, maintenance and refurbishments may adversely impact our business operations and the satisfaction of our guests.

The ordering of the risk factors set forth above is not intended to reflect our indication of priority or likelihood.

Forward-looking statements should not be relied upon as a prediction of actual results. Subject to any continuing obligations under applicable law or any relevant stock exchange rules, we expressly disclaim any obligation to disseminate, after the date of this document, any updates or revisions to any such forward-looking statements to reflect any change in expectations or events, conditions or circumstances on which any such statements are based.
